

Mega IT Services Catalog – 154 Services

A complete 15-department global IT services catalog designed for enterprise-scale delivery. This document contains detailed breakdowns of all service lines, pods, and capabilities.

AI, Data & Cognitive Computing

- NLP Solutions
- Speech Recognition
- Computer Vision
- Predictive Analytics
- Prescriptive Analytics
- ML Model Development
- ML Ops
- Data Lake Engineering
- Big Data Pipelines
- Recommendation Systems
- Enterprise AI Automation
- AI Governance
- Agentic AI Systems
- Multi-Agent Workflows

Cloud, DevOps & Managed Services

- AWS/Azure/GCP Architecture
- Cloud Migration
- Hybrid/Multi-cloud Solutions
- CI/CD Setup
- Kubernetes & Containers
- Infrastructure-as-Code
- FinOps Optimization
- Cloud Monitoring
- 24/7 CloudOps
- Network Management
- Managed Infra
- Cloud Security

Digital Engineering & App Modernization

- Legacy Modernization
- Microservices Migration
- Re-platforming
- API Modernization
- Full Stack Dev
- Mobile Development
- Product Engineering
- Engineering R&D;
- Firmware
- Hardware-Software Co-Design
- Modernization Blueprints
- Prototyping

Cloud-Native Platform & Integration

- API Development
- iPaaS/ESB Integration
- Microservices Architecture
- Kafka Streaming
- Data Sync
- Integration Security

Cybersecurity & Trust

- Penetration Testing
- Vulnerability Assessment
- Zero Trust Architecture
- Access Management
- Cloud Security
- SOC/SIEM
- GRC Compliance

Digital Transformation & Automation

- Digital Strategy
- Process Re-engineering
- RPA
- Intelligent Document Processing
- Workflow Automation
- Business Digitization

IoT, Industry 4.0 & Embedded

- IoT Platforms
- Sensor Integration
- Edge Computing
- Smart Manufacturing
- Device Engineering
- Digital Twins
- Industrial Automation
- Firmware

Blockchain & Web3

- Smart Contracts
- dApps
- Wallet Development
- Tokenization
- Web3 Payments
- Blockchain Consulting

Cloud Platforms & Enterprise SaaS

- Salesforce Implementation
- ServiceNow Implementation
- Dynamics 365
- Azure Cloud
- AWS Cloud
- Pimcore
- Low-Code Solutions
- SaaS Integrations

Global Capability Centers (GCC)

- GCC Setup
- BOT Model
- Talent Pods
- PMO & Governance
- Delivery Center Ops
- Innovation Pods

Digital Experience & Commerce

- UX/UI Design
- Omnichannel Experience
- Digital Experience Platforms
- Product Experience
- Enterprise Commerce

Digital Marketing, Branding & Experience

- SEO
- SEM
- Social Media
- Brand Identity
- Brand Strategy
- Creative Advertising
- Content Production
- Video/Motion Design
- CX Journey Mapping
- Campaigns
- Growth Marketing
- Email Automation
- ASO
- Corporate Communications
- Influencer Marketing

Quality Engineering & Automation

- Manual Testing
- Regression Testing
- Smoke Testing
- UI Automation
- API Automation
- Mobile Automation
- Performance Testing
- Stress Testing
- Security Testing
- Quality Engineering
- Test Strategy
- Continuous Testing
- QA COE Setup

Sustainability, ESG & Green IT

- ESG Audits
- ESG Reporting
- Carbon Footprint Assessment
- Net Zero Consulting
- Green Cloud Optimization
- Sustainable Data Centers
- Green Architecture
- ESG Data Platforms
- Lifecycle Analysis
- Sustainability Dashboards

Game Development & Immersive Media

- Mobile Game Dev
- PC/Console Game Dev
- Multiplayer Systems
- Game AI
- Game Economy
- LiveOps
- 2D/3D Assets
- Animation
- Cinematics
- Motion Capture
- AR Apps
- VR Apps
- Metaverse Experiences
- Digital Twins
- Spatial Computing
- Immersive UX
